

CERTIFICATE

OF APPROVAL

No. 43

Hereby certifies that:

Bergene Holm A/S avd. Nidarå

has received approval to mark preservative-treated products of European redwood (*Pinus sylvestris*) in wood preservation classes AB and A with the Nordic quality label.

The approval refers to wood treated with a Cu-preservative according to the NS-EN 13991. Wood preservation class A imply a treatment in compliance with penetration class NP5 according to NS-EN 351-1 (full sapwood penetration) and a retention of preservative in accordance with the approval issued by the Nordic Wood Preservation Council (NWPC).

The producer has a quality assurance system according to the requirements in NS-EN 351- 1 and NWPC Document No 1 “Nordic wood preservation classes and product requirements for preservative-treated wood. Part 1. Pine and other permeable softwoods”.

The production and factory production control are supervised by Norwegian Institute of Wood Technology. The supervision of the production includes determination of preservative penetration and retention in the wood as well as determination of the percentage of active ingredients in the preservative.

This approval is valid as long as the producer is qualified and the requirements in NWPC Document No 1 are fulfilled.
